Invitation to the 2027 Para Games International Goalball Tournament in Rostock

23.-25. April

Dear Sports Friends,

On behalf of VBRS M-V, in cooperation with RGC Hansa Rostock and its partners, we are delighted to invite you to the Para Games 2027 in Rostock, Germany.

Become part of the Para Games and experience international elite para sports in northeastern Germany! In 2026, the event already brought together five sports, with athletes from 13 German federal states and eight nations across three continents competing against each other. This impressive diversity highlights the scale and international significance of the Para Games.

At the Para Games 2027, we will host three different goalball competitions: one tournament for men's national teams, one for women's national teams, and one for youth national teams and club teams. We aim to have the men's and women's national team tournaments recognized as world ranking tournaments.

This is a great opportunity for you to compete at a high sporting level and strengthen international friendships. Look forward to a weekend filled with a warm and welcoming atmosphere in the Hanseatic city of Rostock.

We look forward to welcoming your team to the Para Games 2027 in Rostock!

Best sporting regards,

VBRS M-V and RGC Hansa Rostock
On behalf of all participating partners
